

Professional Bio-Active Silver Hydrosol™

Dietary Supplement for Immune Support

OUR BIO-ACTIVE SILVER HYDROSOL MAKES ALL COLLOIDAL SILVER OBSOLETE

**BIO-ACTIVE FOR EXPONENTIAL
POTENCY...AND IMMUNE-
SUPPORTING * POWER.**

ACTIVELY CHARGED (Bio-Active)

As corroborated by several universities, Argentyn 23 contains >98% positively charged silver ions and silver nanoclusters, making it exponentially more powerful than other brands.

EASILY ABSORBED

Argentyn 23's unprecedented particle size of .8 nanometers, (validated by Transmission Electron Microscopy) allows for easy absorption into and excretion from the body.

PERFECTLY SAFE†

Argentyn 23 is formulated to be safe for the whole family. Taken 3 times a day for 70 years, Argentyn 23 still falls below the EPA daily Oral Silver Reference Dose (RfD).

99.999% PURE

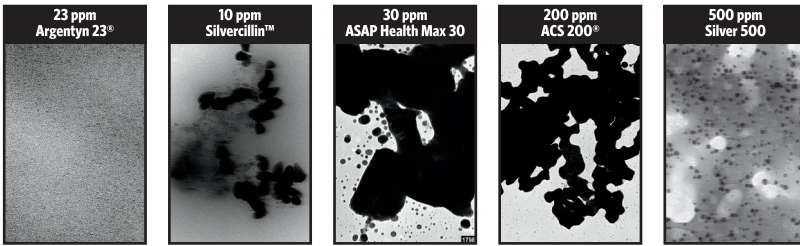

Argentyn 23 has only two ingredients: pure silver and pharmaceutical-grade purified water. It does not contain added salts or proteins that render other silver products less effective. Plus, it is packaged in non-leaching glass bottles (never plastic) to guarantee purity throughout its shelf-life. Argentyn 23 is vegan. It is also allergen-, gluten- and GMO-free.

Our proprietary manufacturing process dramatically reduces particle size¹ - while increasing the immune-supporting benefits* of Argentyn 23 exponentially over other silver.

†According to the EPA (CASRN 7440-22-4) daily Oral Silver Reference Dose (RfD) applied to 23 ppm, one may ingest 76,650 dosages safely over 70 years.

More info on back!

Scientific Proof that our Professional Bio-Active Silver Hydrosol™ is the Gold Standard of Silver Immune Support.*

Black areas and blotches in images 2 through 5 indicate larger silver particles or silver bound to proteins, salts, or other contaminants, which not only render the silver inactive, but also make it difficult for the body to excrete.

Don't be Misled by Higher PPM

When it Comes to the Purest, Highest-Quality Silver, LESS is Definitely More!

Electron microscope images at 110,000x show our silver particles are much smaller and more evenly dispersed than any other competitor—thereby increasing absorption, excretion, and overall potency.

Why Bio-Active Silver Hydrosol?

“Colloidal Silver” has been used for over 125 years in countless applications, and encompasses a wide variety of silver products. Many contain (claimed or unclaimed) salts, proteins, compounds or stabilizers—all which affect silver's safety and efficacy.

Bio-Active Silver Hydrosol represents the ultimate refinement of colloidal silver. It contains greater than 98% positively charged silver in pharmaceutical-grade purified water. Nothing else. Our unique silver species, with a verified and unmatched particle size, remains in its most active state for use within the body.

For Best Results*

The success of silver hydrosol as the ultimate immune* supplement not only depends upon the right particle size, particle energy and purity (all inherent in Argentyn 23), but also through correct usage. Follow the simple guidelines below to ensure your ongoing satisfaction with Argentyn 23:

Maintenance*: One teaspoon, hold under tongue for 30 seconds, then swallow, once daily.

Immune-Building*: 3 times daily

Long-Term Immune Support: 5 times daily

Short-Term Immune Support*: 7 times daily
